I Don't Know where You are

I don't know where you are,
But I know I still think of you.
And I'm not sure what love is,
But I think it's what I have for you...

'Cause when I think about you
It's only the good I see,
And whenever I'm down
I still hear what you said to me...

In the morning when I wake up
I remember I have to fight,
And every step that I take
is the one that I feel is right.

I know you don't believe it,
But I don't have to say a word,
'Cause something in your voice
Tells me I've already been heard.

And there are things that you say
I'm not sure you said out loud,
Because my weary soul soaks them in
And they never come back out.
