If You Only Knew

You're a force of nature...
I don't dare keep you out.

You and me, we're unstoppable...
Something I don't claim to know all about.

All I know is, I could write you a song a day,
And sing to you your lullaby,
Rock you to sleep every night...

If you only knew
What I'd do for you.

If you only knew
What I'd do for you.
