### **Nobody Deserves It**

Nobody deserves it,  
But everybody needs it,  
And there's no making it,  
Only receiving.

You've got to learn it,  
And there's no way to earn it,  
And there's no proof of it,  
If you don't believe it.

I can try to explain it,  
But I can't make you understand...  
I love you much too much to  
Become part of your plan.

Only you can use me,  
Nobody else can.  
Only you can prove to me  
That you're my man.
